

# IACC Elections 2024

## Azhar Subedar

I was born and raised in Canada. I then studied Islam in the U.K. for a decade to become a Religious Scholar with a Master's in Islamic Sciences and Arabic Literature.

### Experience

Since 2002, I have dedicated myself to the needs of Muslim communities across the United States. I am skilled at finding solutions for individuals and helping them overcome their challenges while making spiritual progress. I am also passionate about helping communities grow and prosper strategically. With over two decades of experience as an Imam and a strategic consultant for more than

30 Islamic organizations, I am committed to bringing my expertise to our community.

### Core Values

Help the deen of Allah and the creation of Allah with what I have, using the time I have been gifted and not the time I have left to give. In short, serving the deen of Allah is my passion and priority.

### Key Initiatives

I am running for Shura to serve our community for the sake of Allah. In today's world, scholars and community members need more than ever to work together to secure the future of Islam and Muslims in the West.

I aim to make the IACC a model masjid for America by focusing on these three fundamental values necessary to begin our journey forward:

1. Communication
2. Transparency
3. Collaboration

# IACC Elections 2024

I will hold monthly town hall meetings to gather your concerns and ideas. We can create a shared vision for our future, leveraging your talents for the common good. This journey may be challenging, but I promise to keep our processes transparent. When we collaborate effectively, we strengthen our community, setting an example for others, Insha'Allah. The future of our community is here and now. Bismillah forward.
