

Mohammad Nizam Uddin

(Shura Candidate)

About Me

My family and I have been dedicated congregants of the Islamic Association of Collin County (IACC) for nearly two decades. Actively participating in IACC's religious and community life since 2005, I have had the privilege of serving in various capacities, including four terms on the election commission, two terms as chair of the membership committee, and as a member of the Imam search committee. As a regular attendee of the five daily prayers, I've also taken on the duty of door-keeping, supporting our mosque's daily functions and fostering a welcoming environment for all.

Vision

My primary goal is to please Allah by working alongside the Imam, Scholars, Shura members, and congregants to promote unity and inclusivity within IACC. If elected, I am committed to:

1. Unifying our community across all backgrounds, prioritizing a welcoming, inclusive atmosphere above personal interests.
2. Empowering our youth by establishing a leadership development program to engage them in community activities, fostering their growth and involvement in IACC's future.
3. Reassessing membership criteria to encourage fair and meaningful participation from congregants in our local area.

Skills and Professional Experience

I bring 17 years of corporate experience in team management and leadership, alongside the hands-on experience of running a small business that serves halal food to the DFW Muslim community. Additionally, I have supported community-building efforts by organizing sports events and various activities, deepening my understanding of our community's needs.
