Q: Role of Shura at IACC:

A: Shura is responsible for guiding the masjid's direction, decisions, and development. Shura members need to ensure effective community engagement, overseeing financial and operational management, and upholding transparency. The Shura must promote programs that foster spiritual growth, educational opportunities, and community welfare, ensuring that activities align with Islamic principles. Additionally, the Shura needs to have plans for future growth, and collaborate with other organizations so that IACC can be the Epicenter of DFW.
